

**BREVARD**  
COMMUNITY COLLEGE  
WORLD-WIDE, WORLD-CLASS

Please join us for the 2011 Lecture.

# BCC Space & Astronomy Lecture Series

**Friday November 18th, 2011 at 7pm**

BCC Planetarium and Observatory, 1519 Clearlake Road, Cocoa Campus  
(321) 433-7373

## Lecture: "The Creation"

By: Hakeem M. Oluseyi, Ph.D., Astrophysicist and Professor, Department of  
Physics & Space Sciences, Florida Institute of Technology

### In This Lecture:

- According to the evidence, how did the universe begin?
- What measurements have led to the current Big Bang model?
- What are the unresolved questions concerning the universe's birth?

Dr. Hakeem M. Oluseyi is a professor of Physics & Space Sciences at Florida Institute of Technology. He earned a Doctorate in Physics from Stanford University and serves on the Discovery

Networks Board of Science Advisors. A former member of the Nobel prize winning Supernova Cosmology Project, he has developed advanced technologies for understanding the universe's evolution. Dr. Oluseyi has 12 patents and has authored 60 scientific publications and 5 books.

**Free lecture and Star Party Hosted  
by the Brevard Astronomical Society  
Seating is Limited,  
First Come First Served**

**Donations Welcome**

Stellarly Yours,  
Prof. Fiorella Terenzi
