

Homework assignment in EXCEL

Please work independently.

You need to e-mail your excel file by Tuesday June 30 at class time (12:30PM)

- A) Using the data in Problem 4-14 create a spreadsheet for problem 4-15. Please follow the instructions given in the book.
- B) Produce a spreadsheet for all results required in problem 4-32. Make sure you create a calibration curve as well.
