## **C. Research Support**

### **Ongoing Research Support**

NIMH R21MH084832-01A2 Cohen (PI) 09/09/2008-06/30/2010

Prescribing Psychotropic Drugs to Youth: Cultural Factors in Parental Attitudes

This is the first population-based study seeking to uncover cultural factors to explain observed disparities in prescriptions of psychotropic drugs to youths from majority and minority groups.

Role: Survey Director

NSF 0826950 Gladwin (PI) 10/1/2008-9/30/2011

HSD-DRU

From Warnings to Dynamic Hurricane Evacuation Modeling: an Integrated Social Science-Engineering Perspective.

This cross-disciplinary study is developing new methodologies for understanding hurricane evacuations by integrating behavioral modeling of household decision making with dynamic transportation modeling.

Role: PI

NSF 0838683 Mozumder (PI) 1/1/2009-12/31/2010

INFRAST MGMT & EXTREME EVENTS, DECISION RISK & MANAGEMENT SCI

Communicating Forecast Information to Optimize Evacuation Behavior

This cross-disciplinary study uses a unified research framework to integrate user-specific cognitive and local risk information with objective scientific forecast information to evaluate forecast communication modes.

Role: Co-PI

Bankhead Coley Cancer Research Program, 07BP-01-12333 Byrne (PI) 7/1/2007-6/31/2009

Understanding Disparities and Barriers to Participation in Cancer Clinical Trials among Floridians: A Health Behavior Population-based Approach

This project studies reasons for low rates of participation in clinical trials using a telephone survey of cancer patients

Role: Survey Director

### **Completed Research Support**

CDC Cooperative Agreement No. U50/CCU422194

9/30/1999-9/29/2008

Eliminating Disparities in HIV Disease in Broward County

Response to Centers for Disease Control Program Announcement 02153 (superseding agreement U50/CCU417341 under PA 99064): REACH (Racial and Ethnic Approaches to Community Health) 2010.

This project involves developing, implementing, and evaluating a community-level intervention to reduce disparities in HIV disease among African-American, Afro-Caribbean and Hispanic young adults residing in Broward County, Florida, an urban area experiencing extremely high rates of AIDS prevalence and HIV incidence.

Role: Survey Director
