Caforio Giuseppe (ed.) 2003, *Handbook of the Sociology of the Military, New York, Kluwer Academic/Plenum Publisher, pp. 496*. This handbook is the first of its kind to delve into the sociological approach to the study of the military. It is compiled of documents coming from various researchers at universities around the world as well as military officers devoted to the sector of study. Covered in this volume is a historical excursus of studies prior to contemporary research, interpretive models and theoretical approaches developed specifically for this topic, civil-military relations including issues surrounding democratic control of the armed forces, military culture, professional training, conditions and problems of minorities in the armed forces, an examination of the structural change within the military over the years, including new duties and functions following the Cold War.
